## **INDEPENDENT AUDITOR'S REPORT**

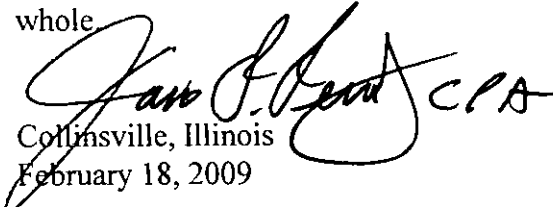

Director and Stockholder  
DesPain Financial Corporation  
Collinsville, Illinois 62234

I have audited the accompanying statement of financial condition of DesPain Financial Corporation (an Illinois Corporation), as of December 31, 2008, and the related statements of income and retained earnings, changes in stockholder's equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of DesPain Financial Corporation as of December 31, 2008, and the results of its operations and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the supplementary information section is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basis financial statements taken as a whole.

# **DESPAIN FINANCIAL CORPORATION**

## **NOTES TO FINANCIAL STATEMENTS**

### **NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### **General**

DesPain Financial Corporation (the Company) was organized, on October 29, 1986, the date the Certificate of Incorporation was issued by the Secretary of the State of Illinois. The Company commenced operations as a Broker/Dealer for financial transactions in December 1986 upon notification of approval from regulatory authorities.

#### **Organization Cost**

Costs to incorporate were not capitalized for financial statement purposes.

#### **Revenue Recognition**

Commissions of financial transactions are recorded in the month earned. The Company's principle sources of revenue are from the sales of variable annuity insurance contracts, equity commissions and mutual funds.

#### **Statement of Cash Flows**

For purposes of the Statement of Cash Flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than ninety days that are not held for sale in the ordinary course of business.

### **NOTE 2. LIABILITIES**

The Company pays all expenses within the accounting period they arise. Expense of security trades is netted from the commission receivables. Re-allowed commissions payable are recorded in the year the liability occurs.

### **NOTE 3. RELATED PARTY AGREEMENTS**

Effective November, 1996, the Company entered into an agreement with DesPain Investment Solutions, Ltd., wholly owned by the Company's chief operating officer/shareholder, to provide to the Company office space and equipment. In addition, the Company has agreed to pay referral fees to the investment company. For the year ended December 31, 2008, the payments amounted to \$320,000.

**DESPAIN FINANCIAL CORPORATION**  
**NOTES TO FINANCIAL STATEMENTS**

**NOTE 4. INCOME TAX**

Allocation of federal and state income taxes is as follows:

Current tax provision:

Federal	\$452
State	<u>317</u>
Total Current	<u>\$769</u>

Income tax overpayment	<u>\$ 3,015</u>
------------------------	-----------------

**NOTE 5. ADDITIONAL PAID IN CAPITAL**

The Company's president purchased a single premium life insurance policy for \$5,000. The Company, as owner, recorded the asset and increased additional paid in capital by the premium amount net of the surrender charge. The surrender charge was fully amortized at the end of 1996.

**NOTE 6. NET CAPITAL REQUIREMENTS**

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum dollar net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2008, the Company had adjusted net capital of \$107,591, which was \$102,591 in excess of its required minimum dollar net capital of \$5,000. The Company's net capital ratio was 0.0433 to 1. The SEC changed how net capital is computed, before NASDAQ stock, with a cost basis of \$56,550, was not included in the calculation. The SEC also required broker/dealers to value the NASDAQ stock at fair market value (FMV) and not cost. The value per these statements is cost as required by generally accepted accounting principles (Cost = \$56,550 FMV = \$74,130)

**NOTE 7. ESTIMATES**

Management uses estimates and assumptions in preparing these financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were used.

**NOTE 8. DIVIDEND PAID**

Management did not declare a common stock dividend during December 31, 2008.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL  
ACCOUNTING CONTROL REQUIRED BY SEC RULE 17a-5**

Director and Stockholder  
DesPain Financial Corporation  
Collinsville, Illinois 62234

In planning and performing my audit of the financial statements and supplemental schedules of DesPain Financial Corporation (the Company), for the year ended December 31, 2008, I considered its internal control, including control activities for safeguarding securities, in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), I have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that I considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. **Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, I did not review the practices and procedures followed by the Company in any of the following:**

1. Making quarterly securities examinations, counts verifications, and comparisons
2. Recordation of differences required by Rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

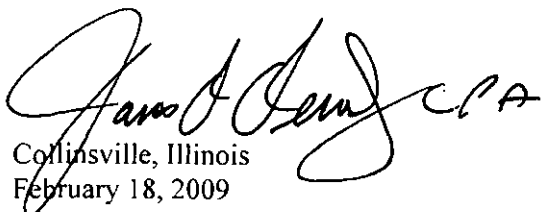

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

My consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, I noted the following matters involving the accounting system that I consider to be a material weakness as defined above. The Company's chief financial officer is responsible for all internal financial accounting and external reporting. Thus there is not an adequate segregation of custodial, accounting and operational responsibilities. These conditions were considered in determining the nature, timing, and extent of the procedures to be performed in my audit of the financial statements of DesPain Financial Corporation, for the year ended December 31, 2008, and this report does not affect my report thereon dated February 18, 2009.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicated a material inadequacy for such purposes. Based on this understanding and on my study, I believe that The Company's practices and procedures were adequate at December 31, 2008 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

  
Collinsville, Illinois
